Directions:
For this project you will be writing an Itty Bitty Book Talk based on the book, The Gold-threaded Dress. You will also be making a character drawing of the main character. Be as creative as you’d like, pay attention to details, and make it interesting and informative for your audience.

- Fill out the attached Itty Bitty Book Talk.
- Create a character trait sheet for a character from this story on the piece of cardstock provided.
- Write the character’s name at the top of the paper.
- Draw a picture of the character in the center of the page.
- Write words that describe the character around the outside of your drawing. Make sure to include words that describe the OUTSIDE of the character (these are her physical traits), and the INSIDE of the character (these show her personality and we learn them from what the character does, thinks, and says.) A list has been provided for you, but you can add your own words as well.
- Write your name at the bottom of the sheet.
Character Traits

- Friendly
- Fun
- Funny
- Adventurous
